

British Academy of Audiology 15th Annual Conference 8th & 9th November 2018, ACC Liverpool

Organised by the British Academy of Audiology, we are delighted to announce that the 15th annual conference and exhibition will take place on the 8th and 9th November 2018 at the ACC Liverpool.

Attracting over 600 delegates and 50 exhibitors along with an array of international speakers, BAA conference is the largest audiology conference in the UK.

Registration is now open! For more information visit: www.baaudiology.org/conference

The Programme:

Our conference programme this year will once more have a strong clinical focus. There will be updates from the world of research, overviews of policy updates, exciting service innovations and examples of clinical excellence. Our main aim is for delegates to leave the conference with a clear idea of how they can implement what they have heard in their own departments or careers. Key sessions will cover cognition, screening programmes, developments in tinnitus research, technology updates and Audiology in primary care.

We are continuing with our streamlined programme with only 3 main parallel tracks, there will be early morning discussion groups and workshops and we are bringing back the popular '**All You Need to Know**' sessions. New for 2018 is the **Professional Development Lounge**, here we will be having workshops on integrating research into clinical roles, the launch of the BAA Tinnitus CPD module and an exploration of the new REM guidelines amongst other things.

Conference Highlights include:

- The latest in Audiology research, education and expertise, with inspiring speakers and informative sessions
- The Adrian Davis lecture to be presented by Dr Nicholas Reed, John Hopkins School of Medicine
- The Bamford lecture to be presented by Andrew Whitehouse, Education Consultant specialising in Neurological Disorders, Tedx Speaker
- Other key note speakers include Barbara Weinstein and Louise Hickson
- Series of 'all you need to know' sessions providing practical advice for clinics with online resources
- Parallel sessions looking at all aspects of Audiology across all sectors from research to clinical practice, encompassing commercial aspects.
- Our Professional Development Lounge with workshops on integrating research into clinical roles, developing CPD activities, early career development support and exploring new practice guidelines
- Awards programme to acknowledge individuals and teams who have excelled in the Audiology profession
- The UK's largest Audiology exhibition
- Exciting social event and networking opportunities

Abstracts:

Free paper and poster presentations form an integral part of the conference and are a fantastic way for those working within the audiology field to share best practice, research and network with colleagues. Successful submissions will have their research displayed at conference or may be asked to present orally to Audiologists from the UK and beyond.

Submitting an abstract is an easy online process and we ask that all submissions are made before the closing date on Monday 16th July 2018.

REGISTER NOW at www.baaudiology.org/conference

Early bird price valid until 24th September 2018
